ABOUT ME

I am a Front-End Developer passionate about creating user-friendly and visually appealing websites. With experience in React, Next.js, and UI/UX design, I aim to apply my skills to real-world projects, delivering excellent user experiences and collaborating with dynamic teams.

WORK EXPERIENCE

● Internship at Addpay Service Point Co., Ltd. (4 Month)

E-Office Project

- Developed an e-Office system with user authentication, CRUD operations for managing quotations, invoices, payment vouchers, and letters, and task management for bidding.
- Integrated MySQL for data management, using HTML, CSS, JavaScript, Bootstrap for front-end, and PHP for back-end.

PROJECTS

● E-Commerce Project

- Developed an E-Commerce platform with product categorization, search, and cart management, featuring responsive design and dynamic API data fetching.

● Internship Management System

- Developed a web-based internship management system, allowing CRUD operations for students, organizations, and internship records.
