Portfolio : portfolio-yuphawadee.netlify.app/

SUMMARY

A web developer with internship experience and skill-building projects. Proficient in both front-end and back-end development using technologies such as React, Next.js, Express.js, etc. Adaptable and eager to learn, committed to delivering effective solutions in fast-changing work environments.

WORK EXPERIENCE

Software Developer Intern (4 Months)   **2022 – 2023**

- Developed an e-Office system featuring user authentication and CRUD operations for managing quotations, invoices, payment vouchers, official letters, and bidding task management.
- Designed the UX/UI of the website to enhance usability and visual appeal.
- Implemented a feature for generating PDF documents for report printing.
- Developed the front-end using HTML, CSS, JavaScript, and Bootstrap, the back-end with PHP, and used MySQL for the database.

PROJECTS

E-Commerce Project

- Developed an E-Commerce platform with features including product categorization, search functionality, and cart management.
- Implemented responsive design for optimal user experience across devices.
- Integrated dynamic API data fetching to ensure real-time product updates.

Report Project

- Developed a web-based platform that allows users to submit community complaints (e.g., water supply issues, power outages) and track their status. Administrators can manage and update complaints through a dedicated dashboard.

EDUCATION

Ubon Ratchathani University   **2019 - 2023**

- Bachelor of Science Program in Information Technology.
- GPA 3.23
